# 24<sup>TH</sup> COLLOQUIUM ON LATIN AMERICAN EARTH SCIENCES

## HEIDELBERG, APRIL 5 – 8, 2017

We cordially invite researchers from all fields of Earth Sciences and interdisciplinary initiatives. We present an attractive program on the geological evolution of Central America, the South American continent and its margins, processes of mountain building, uplift, erosion and interaction between tectonic and climatic parameters.

For the Late Quaternary, we focus also on man – environmental interactions triggered by climate dynamics.

We also invite contributions from related topics such as geomorphology, geoarchaeology, palaeontology, natural resources, geo-hazards, and economic geology.

We are looking forward to welcoming you in Germany!

REGISTRATION	EARLY	LATE
REGULAR PARTICIPANTS	150,00 €	200,00 €
STUDENTS	100,00 €	120,00 €
EARLY REGISTRATION	December	31, 2016
LATE REGISTRATION	January	22, 2017
ABSTRACT SUBMISSION	January	22, 2017
