

Hengstberger Symposium

"Towards Digital Earth - 3D Spatial Data Infrastructures"

September 7-8, 2011, Heidelberg

Internationales Wissenschaftsforum Heidelberg (IWH)

University of Heidelberg

Final list of participants

(updated August 5)

Name	Institution	Country
Chaitanya Baru	San Diego Supercomputer Center	US
Lars Bodum	Aalborg University, Department of Development and Planning	DK
Volker Coors	University of Applied Sciences, Stuttgart	DE
Max Craglia	European Commission Joint Research Centre, Institute for Environment and Sustainability	IT
Manfred Ehlers	University of Osnabrück, Institute for Geoinformatics and Remote Sensing	DE
Claire Ellul	University College London, Civil, Environmental & Geomatic Engineering	UK
Yola Georgiadou	University Twente, Chair Geo-information for Governance	NL
Michael Gertz	University of Heidelberg, Institute of Computer Science	DE
Michael Goodchild	UC Santa Barbara, Department of Geography	US
Marcus Götz	University of Heidelberg, Institute of Geography	DE
Julian Hagenauer	University of Heidelberg, Institute of Geography	DE
Marco Helbich	University of Heidelberg, Institute of Geography	DE
Bernhard Höfle	University of Heidelberg, Institute of Geography	DE
Mike Jackson	University of Nottingham, Centre for Geospatial Science	UK
Heike Jänicke	University of Heidelberg, The Interdisciplinary Center for Scientific Computing (IWR)	DE
Thomas Jarmer	University of Osnabrück, Institute for Geoinformatics and Remote Sensing	DE
Andreas Jochem	University of Heidelberg, Institute of Geography	DE
Jan Kolar	Grifnor Project	DK
Susanne Krömker	University of Heidelberg, The Interdisciplinary Center for Scientific Computing (IWR)	DE
Sandra Lanig	University of Heidelberg, Institute of Geography	DE
Sara Lucca	Politecnico Di Milano Diiar, Polo Regionale Como, Faculty of Engineering	IT
Gottfried Mandlbürger	Vienna University of Technology, Institute of Photogrammetry and Remote Sensing	AT
Hubert Mara	University of Heidelberg, The Interdisciplinary Center for Scientific Computing (IWR)	DE
Peter Mooney	National University of Ireland Maynooth, Department of Computer Science	IE
Martin Rutzinger	University of Innsbruck, Institute of Geography	AT
Christian Sengstock	University of Heidelberg, Institute of Computer Science	DE
Alexander Zipf	University of Heidelberg, Institute of Geography	DE
